

MSQF Pre-Admission Application Form

Department of Mathematics

Texas A&M University

Math majors who preferably have already taken or are currently taking Math 425 have the option to submit a pre-application to the MSQF program. Upon acceptance, students have the opportunity to take and reserve finance classes for graduate credit, get acquainted with faculty in finance early and can plan for an internship at the end of their junior year.

To apply, complete this form and return it to Monique Stewart by email (gstudies@math.tamu.edu) or in person to the Graduate Program Office, Blocker 336A. The pre-application should be made during the fall semester of your junior year. Your records will be reviewed by a Graduate Advisor, and you will be notified of the results.

Printed Name _____

UIN _____ E-mail address _____

Current undergraduate program _____

Anticipated graduation date in undergraduate program _____

Semester you wish to enter as a graduate student into MSQF _____

For the pre-application review, we would like to see one letter of recommendation from a faculty member you have taken a math class with. The recommendation can be emailed directly to grad.director.math@tamu.edu but the subject line should state "MSQF pre-app recommendation for student X (your name)". Please list the name of the faculty member who will be providing your recommendation letter _____

NOTE: Contingent upon satisfactory performance in your junior and senior years, you will then be encouraged to formally apply for graduate admittance to the MSQF program via the ApplyTexas application. March 1st is our application deadline for a fall semester start.
